Coal Policy Committee Reports received by the Minister of Energy

Minister of Energy Sonya Savage issued the following statement on receiving the Coal Policy Committee's reports:

"The independent Coal Policy Committee has submitted both the engagement report and the final report, which contains their recommendations on Alberta's long-term approach to coal. The government will take the necessary time to review the reports' findings and recommendations carefully before they are released publicly."

"I thank the committee for their diligence and hard work engaging with Albertans and in developing their recommendations. I also want to thank all Albertans, Indigenous people, communities and organizations that participated in the process and provided their valuable input."

Atrum Managing Director and CEO, Andy Caruso, commented:

"Atrum welcomes the news that the Minister of Energy has received the reports from the Coal Policy Committee and now looks forward to future advice. We note that the Minister has not set a schedule for the release of the reports or the new coal policy."

"We continue to support the introduction of a policy that is balanced, reinforces strong environmental protections, is supportive of Indigenous consultation and socio-economic reconciliation and addresses the long-term land and water stewardship requirements that are important to Albertans."
